EXAMINER'S AMENDMENT

The petition filed July 23, 2005 asking for Supervisory Review of the examiner's rejection mailed June 10, 2005 has been treated as a petition under 37 CFR 1.181. However, as the issue is an appealable matter rather than a petitionable one, the petition has been delegated by the Group Director to the examiner of record in this application to be treated as a request for reconsideration. The reason for this delegation is that the points raised in the petition are agreed with and the relief requested will be granted in full.

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 1, line 1, --for-- has been inserted after "seat-belt assembly";

In claim 18, line 22, "his body" has been changed to --the body--;

In claim 19, line 23 (line 23 of the claim 23 - or line 20 of page 20), "his body" has been changed to --the body--.

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to David Dunn whose telephone number is 571-272-6670. The examiner can normally be reached on Mon-Fri, 8:30-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Paul Dickson can be reached on 571-272-6669. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system.
